

FORGOTTEN COOKIES

Susan Klapesky

2 egg whites

2/3 cup sugar

1 tsp. vanilla

1 cup chocolate chips

Turn oven on to 350. Beat egg whites until stiff. Continue beating while gradually adding sugar. Add vanilla. Stir in chocolate chips. Drop by spoonfuls on foil-covered cookie sheet. They can be close since they will not get any larger. Turn oven off and put cookies in. Leave for 6 hours or overnight. You should be able to easily pull cookies off sheet. DELICIOUS!
